Tower Hill Nature Reserve, nestled inside a dormant volcano, is today a beautiful haven for native wildlife, with a lake and wetlands, many hikes and picnic areas. Tower Hill is rich with history. Artefacts found in the volcanic ash layers remind us that Indigenous communities were living in the area at the time of the eruption. The area was a rich source of food for the Koroitgundj people, whose descendants retain special links with this country. All programs have a standard duration of 90 Minutes, but this can be varied on demand. Teachers are free.

Warrnambool Art Gallery. For the past 130 years, with more than 2,000 artworks ranging from European Salon and Colonial paintings of the 1800’s and Indigenous artefacts, to the Melbourne Modernists of the 1940’s and contemporary works, the Warrnambool Art Gallery has facilitated rich experiences for audiences both through its collection and through an inspired program of exhibitions and events in and beyond the gallery. Don’t forget to ask about Warrnambool’s self guided Street Art tour.
